- Dust surfaces gently with a feather duster then wipe gently with a slightly damp cloth/chamois.

- Exposure to direct sunlight will cause colour fading to fabrics, leathers and timber finishes.
- Do not allow solvents, abrasives or heated objects to come in contact with the product.
- Do not use cordless drivers or power drills to tighten your bed brackets, as over-tightening can cause the foot end rail to bow.

CARE & MAINTENANCE – QUARTZ STONE

To get the best performance from your Quartz Stone Top, please follow the simple care instructions listed below.

- For everyday cleaning, use warm soapy water (a pH neutral/ or a mild liquid detergent) and a damp cloth
- Avoid prolonged rubbing in one spot when cleaning
- Polishing/waxing surface is not recommended due to the non-porous nature of material which will retain its glossy finish
- Quartz stone is a non-porous material with good stain resistance, however we advise you do not allow liquids or wet food to have prolonged contact with the stone top. Wipe up any spills as soon as they occur
- Do not use bleach or cleaning products with high alkaline/pH levels on or near your Quartz stone product.
- Quartz stone is resistant to *moderate* temperature, however we advise you do not place hot cookware directly onto the stone as this can cause damage/discoloration. Use a trivet or other protective object for hot items

Warranty Terms and Conditions

- (a) This warranty is not transferable; it applies only to the consumer that purchased the product from the retailer invoiced by SilverLynx ("purchaser").
- (b) SilverLynx will remedy any bona-fide claim submitted in accordance with these terms and conditions. In the event that a major defect is discovered with a product, SilverLynx will provide either a refund or a replacement upon nomination of the purchaser. - (d) SilverLynx reserves the right to replace defective parts of the product with parts and components of similar quality, grade and composition where an identical part or component is not available.
- (e) Products presented for repair may be replaced by refurbished products of the same type rather than being repaired. Refurbished parts may be used to repair the product.
- (f) SilverLynx is responsible for transit damage that occurs while freight is SilverLynx's responsibility. Otherwise risk passes to the purchaser once the product leaves the factory.
- (g) Freight costs for warranty claims will be borne by the supplier or retailer at the nominated point of delivery provided all parties agree that it is a bona fide warranty claim.
- (h) It is the responsibility of the purchaser to ensure that the product is delivered in good order. SilverLynx will not accept any attempts to extend warranty terms. SilverLynx's responsibilities are not changed by receipt of products which say that "goods are subject to checking".

- (n) **SPECIFIC EXCLUSIONS – TIMBER FURNITURE**

The following specific warranties and product specific issues relate to timber furniture. The natural features of timber result in finished products that display variation and individual characteristics. Specific requests that impact on manufacture limit SilverLynx's ability to minimise variation and in cases such as the request for unsealed product, it may even result in surface checking, warping, staining and other such problems. Where possible, SilverLynx will explain the situation to the purchaser at the time of order placement.

- v. **PRODUCT ORDERED RAW** -Warranty claims relating to products specifically ordered to be supplied in raw unpolished finish will be limited to manufacturing or material faults which do not relate to the raw finish. Surface checking, warping staining and other problems directly related to the supply of product in raw form will not be covered by warranty.
- vi. **COLOUR CONSISTENCY** - Due to the natural variations and characteristics of the material SilverLynx cannot guarantee total uniformity of colour within any one piece of furniture, especially those products made of leather, timbers and stones.
- vii. **COLOUR MATCHING** – SilverLynx cannot guarantee colour matching with products not manufactured by SilverLynx.

- (o) A minimum service call charge of \$100.00 will apply where SilverLynx is requested to attend to works or repairs that are not covered by this warranty.
